From: Jim Logan – Hood County Republican Party Chairman

Date: 01/10/2018

Subject: Resolution of No Confidence in House District 60 Candidate Dr. James Largent

Republican Voters of Hood County & Texas House District 60,

We would like to present to you the following resolution that passed *unanimously* at the most recent Hood County Republican Executive Committee meeting held last night (January 10, 2018).

Resolution of No Confidence Summary

We, the Republican Executive Committee of Hood County, voted in open session to withdraw any support for the candidacy of Dr. James Largent in the Republican Primary Race for Texas State House District 60. He has failed the basic test of commitment to the Republican Platform and openly advocates against a major plank of the platform. He has publicly disparaged honorable Republican State office holders who are upholding their commitment to the platform and the Republican voters. We also do hereby encourage Republican voters in Hood County to withdraw support for the primary candidacy of Dr. James Largent as well.

We take Resolutions of No Confidence seriously in Hood County. When filing to run for office, Dr. James Largent was given *the Republican Party of Texas Platform* and *Republican Caucus Speaker Selection Commitment Form*, both are readily available online for anyone to review.

As of this date, nearly one month after declaring his candidacy, Dr. Largent has failed to indicate whether he agrees with the Republican Platform of Texas and the Republican Caucus Speaker Selection Commitment Form.

Dr. Largent had ample time to sign the pledges of support for the Platform, as well as the Speaker Selection Form, which are both essential for the Republican Party to take back control of the Texas House of Representatives. In the last session, many good bills were never taken to the floor because of a Liberal Republican House Speaker.

Additionally, Dr. Largent has repeatedly stalled Open Records Requests. Open Records Requests are a *tool used to hold our government accountable* by allowing us access to emails and other official documents. If he is hiding emails as Superintendent, what will he do as State Representative?

The Republican Party of Hood County unanimously voted **NO CONFIDENCE** that Dr. Jim Largent will adequately support the direction outlined by the platform and **OBJECTS** to Jim Largent running for office as a Republican in Hood County.

Yours in Liberty,
Jim Logan
Hood County Republican Chairman
