

Executive Summary

The MISD board has gone after Mr. Chad Green on a number of things and voted to take away his rights as a board member to go onto campuses. This needs to be rolled back immediately.

Another board member, the Trustee of Place #7 has:

1 - Failed to sign-in on the reception sheet at two different elementary schools. This is collaborated via FOIA, the Trustee's Facebook campaign page and those Elementary's Facebook pages.

2 - Posted a selfie along with nine elementary students to his Facebook campaign page taken within the elementary school.

3 - Reposted an article to his Facebook campaign page thanking the Mayor for his kind words in the article where the Mayor praised Trustee #7 and denigrated Chad Green.

McKinney, Texas- McKinney Mayor George Fuller weighed in the Public School Library book controversy, on another Facebook community group this evening, April 5, 2022. The issue was raised by a MISD Board Member and several right wing community activists last month.

Responding to a community member, the Mayor wrote:

"Lisa Reid West, what a thoughtful and, in my opinion, accurate narrative on what is happening. Sadly, most of the ring leaders leading this campaign against the school district, know that there is a process in place to challenge and remove books, yet to date, in the past 15 years, only two books have been brought in front of the board and challenged to be removed from the library. TWO books."

The Mayor referenced a newly elected MISD Board member.

"Educators like Harvey Oaxaca have been caring about children in this community for decades. His heart is in the right place. God forbid the Harvey's of the school district leave and the Chad Green's are left to entrust our children. It is a common anecdote that good people don't run for political office, as they don't want to endure the attacks. Taking the partisan battle to our children, educators, and school administrators, will ultimately have the same impact."

The Mayor also talked about another new MISD Board member, an open advocate for removal of certain books from the School libraries, who is being investigated for a possible crime by outside legal counsel to the MISD Board.

"Chad Green brought a parent into a high school library and had them check out a specific book to give to their fourth grader, purely for the purpose of creating a 'political crisis'. His concern is not the wellbeing of our children, it's the advancement of political endeavors."

"To be clear," said the McKinney Mayor, "I am not saying that there are not books that I might fight to have removed from the library. But I will honestly tell you, I have not read the 282 books, and therefore, won't advance an opinion on them. As I familiarize myself with books I believe may be inappropriate, I will follow the policy and procedure to challenge them."
