Gents -

Follow up from my call with Pat the other day.

I'll be [REDACTED] from the agency on February 28. Korry Castillo is the new Associate Deputy Comptroller for Operations and Support. Korry worked with me on Chapter 313 issues for several years before moving around the agency some. She knows Chapter 313, and is familiar with HB277 and it's implications. She is a good friend and will be a great resource to ya'll. She's also from Florida.

As Pat and I discussed, Chapter 313 expires at the end of 2022, which means the restrictions created by HB277 will no longer exist. There is a lot of interest in replacing Chapter 313, so the military flight communities will want to monitor that closely over the next few legislative sessions.

Lastly, on a personal front... I'll spend a few month camping and riding my bike. Pat says I need to take up golf, so maybe I'll try my hand at that. At some point, I'm sure I'll be back to work, so will keep you posted. Also, [REDACTED] - I hope to come see him and might wander across to Jacksonville.

It has been a pleasure working and being friends with you both over the years - thank you both. I'll be around, so don't hesitate to let me know if you think I can help on anything, or just want to say hi. [REDACTED]. I'm also on Linked In if you do that sort of thing...

Best regards,

Robert Wood
