Re: ***Public Information Request to Prosper Independent School District Dated February 2, 2023, and Received February 6, 2023.***

Dear [REDACTED]

This firm represents Prosper Independent School District ("Prosper ISD" or "District") with regard to your request for public information dated February 2, 2023 and received February 6, 2023, due to the District's bad weather closures on February 2-3, 2023. Please direct all future questions and concerns regarding this matter to me at LHenry@abernathy-law.com.

Your public information request sought "*a copy of the independent investigation into the district's handling of the incident involving Frank Paniagua who was a bus driver for the District. I am requesting a full copy with redactions if needed to protect the identities of any minors identified in the report. The report was approved by the board to be done and completed by Thompson and Morton, LLP and the public was informed by the board on January 23rd at the meeting that the investigation had been completed. The report was authorized by the board using public funding and I believe it should be made available. If my request is denied I am asking for legal justification so I may request a ruling by the Attorney General of the State of Texas.*"

After a diligent search, the District was unable to locate any documents responsive to your request and considers this request now closed.

Very truly yours,

Lucas Henry
