THEREFORE, UNT and NFU (collectively, the “Institutions”) agree to the following:

ARTICLE 1
DEFINITIONS

1.01 Program. This Agreement enables NFU Students to pursue a Bachelor of Science in Computer Science degree program administered by UNT’s College of Engineering (“Program”).

1.02 Students. An undergraduate student enrolled at NFU and pursuing NFU’s Computer Science and Technology degree. Students must seek admission to UNT as described in this Agreement as well as be admitted to UNT to be eligible to participate in the Program (“Students”).

ARTICLE 2
UNDERGRADUATE TRANSFER PROGRAM

The Institutions agree upon the following structure for the Program:

2.01 Undergraduate Transfer Program ("Program"). UNT and NFU shall work cooperatively to administer an undergraduate transfer program. Courses offered as part of an undergraduate degree by NFU shall be eligible for transfer toward an undergraduate degree at UNT, as outlined in Section 2.05 of this Agreement. UNT shall grant a Bachelor of Science in Computer Science degree per UNT's policies and degree requirements to Students who successfully complete UNT's degree requirements.

2.02 Program Candidate Eligibility. Candidates wishing to participate in the Program must meet the following initial eligibility requirements:

- a) Must be degree-seeking undergraduate students at NFU;
- b) Must demonstrate academic achievement in NFU coursework consistent with UNT transfer admission requirements; and
- c) Must meet all of UNT's admission standards, including proof of UNT's English Language Proficiency requirements, to be eligible for admissibility to UNT

NFU shall work with UNT to select candidates for the Program. These candidates shall apply to UNT as undergraduate transfer students into the Bachelor of Science in Computer Science degree program. UNT shall admit qualified candidates according to its regular admissions requirements and procedures. Information about UNT Admissions is available upon request and may be available online at: <https://admissions.unt.edu/international>. A candidate who meets all admission requirements except UNT's English language proficiency requirement shall be conditionally admitted to UNT and shall be fully admitted to UNT upon satisfaction of this requirement in a manner approved by UNT, such as completion of level six (6) of UNT's Intensive English Language Institute ("IELI"). A candidate must meet all admissions requirements for both Institutions and must be independently admitted to both Institutions to participate in the Program.

Students who meet all UNT admission requirements except UNT's English Language Proficiency requirement may be conditionally admitted to UNT. Students must meet UNT's English Language Proficiency requirements prior to beginning academic coursework in UNT classes. Students have the option to enroll in UNT's Intensive English Language Institute ("IELI") and prove English Language Proficiency by successfully completing level six (6) of IELI, in accordance with all regular UNT admission policies. Information about IELI is available upon request and may be available online at: <https://international.unt.edu/content/intensive-english-language-institute>.

2.03 Program Schedule. To complete the Program, a Student will first complete two (2) years of undergraduate coursework at NFU. Upon completing two (2) years of undergraduate coursework at NFU and being admitted to UNT, the Student shall enroll at UNT as an undergraduate student in UNT's Bachelor of Science in Computer Science degree program and complete the remaining undergraduate coursework at UNT for the UNT degree. Upon successful completion of the UNT degree requirements, the Student will receive a Bachelor of Science in Computer Science degree granted solely by UNT.

2.04 Program Liaisons. Each Institution shall have a designated Program Liaison to coordinate the Program, liaise with academic advisors, and assist in advising Students about the Program. The institutions designate the following Program Liaisons:

UNT Program Liaison

2.05 Credit Transfer. All courses transferred between UNT and NFU must be evaluated according to the policies and requirements of each Institution. The credit transfers described in Table 1: Course Equivalency Table will be applied to Students participating in this Program. Appendix A includes a Sample Program Schedule. The Sample Program Schedule is subject to change and may be adjusted, as needed. Students must complete all UNT degree requirements to be eligible to receive the UNT Bachelor of Science in Computer Science, including, but not limited to, completing a minimum of twenty-five percent (25%) of the credit hours for the UNT degree at UNT.

Credits taken at UNT shall be transferrable to NFU in accordance with the policies and degree requirements of NFU. Students may choose to pursue a degree offered NFU by transferring completed UNT course credits toward NFU's degree program. NFU shall separately grant a degree to NFU Students who complete all of NFU's degree requirements.

Upon request, each Institution shall provide the other with necessary course information, such as course descriptions and/or syllabi, in an expeditious manner. Each Institution shall notify the Program Liaison at the other Institution any time a course description undergoes significant change or a course is discontinued. NFU and UNT policies govern which credits shall ultimately count toward an individual Student's degree program.

<https://international.unt.edu/content/scholarships-grants-and-waivers>.

3.02 Student Financial Aid. Where a Student is eligible for and/or receiving Federal Student Aid (FSA) and is registered for and attending classes at UNT, UNT shall remain responsible for the disbursement of FSA and for monitoring student eligibility for FSA. All procedures for calculating FSA awards, for disbursing aid, monitoring satisfactory progress and other student eligibility requirements, keeping records, and returning funds in the event a Student withdraws shall be determined in accordance with the policies and procedures of UNT.

For compliance purposes, UNT is an eligible institution for Title IV Higher Education Act programs, as defined by 20 U.S.C. § 1094.
