PROTECT OUR CHILDREN event
November 29, 2023

Come join us in Llano on Wednesday, November 29th from 2-6pm for an educational, informative and uplifting event to hear about the pornography book battle happening throughout Texas and the nation. Speakers include Pastor John Amanchukwu, Dr. Kevin Roberts (President of Heritage Foundation), Gene Hamilton (Vice President of America First Legal), Rick Green (Patriot Academy), Matt Rinaldi (Republican Party of Texas), Mary Elizabeth Castle (Texas Values), Brady Gray (Texas Family Project) and Christin Bentley (SREC SD #1). Luke Macias (Luke Macias Show) will be moderating the event.

Llano County was sued in Federal District Court in Austin on April 2022 for relocating pornographic and other harmful content OUT of the children's sections of the library.

We are extremely fortunate to have Jonathan F. Mitchell (former Solicitor General of Texas who clerked for Antonin Scalia and wrote the Texas Heartbeat Bill) defending us in this frivolous suit.

We have spent close to \$200,000 on this lawsuit and have not even gone to trial yet. A loss would ensure that the pornography-pushers would continue pursuing more radical means to indoctrinate our children. If Llano County loses, the entire country loses.

Please consider partnering with us to PROTECT TEXAS CHILDREN. Llano County needs encouragement and support as we are the tip of the spear battling this woke ideology of exposing young children to pornographic and other harmful content.

The FCC monitors network television for profane and indecent speech between the hours of 6am and 10pm. Why do they do this? Because a child **might** be present. Well, we are certain there **ARE** children present in children's sections of public libraries and in every school library so why are we not monitoring for profane and indecent content?

Please consider being a sponsor for this event, which has a 3-fold purpose:

- 1) To raise money for Llano County to continue battling this pivotal lawsuit;
- 2) To encourage Llano County elected officials and ensure them that they are supported in taking a stand to PROTECT CHILDREN; and
- 3) To educate those who attend to the types of harmful content readily available to children in public and school libraries.

May God bless you and may God bless Texas. See you in Llano!
