We were made aware on Saturday morning of the arrest of a WISD employee, which is currently under further investigation. We are working closely with authorities and our attorney to ensure that all proper procedures are followed, with the safety and security of our students remaining our top priority.

At this time, we have no information indicating that any of our students are directly involved in this situation. We will provide updates as more information becomes available.

Respectfully,

Jimmy Friday Wright  
Superintendent  
Wells ISD
