

DENOUNCING “PROJECT MARVEL”

Whereas, the City of San Antonio and Bexar County seek to spend \$4 billion on establishing a downtown sports and entertainment district, Project Marvel, which will take an estimated 15 years to develop, in hopes of attracting tourism, economic viability, and world-class events; and

Whereas, the city and county already have spent hundreds of millions over the last 40 years building multiple sports facilities, funded largely by taxpayers, which have failed to produce the return on investment promised; and

Whereas, the city and county have other more important issues and areas of concern to provide funding for which fall within their purview of providing fundamental services.

BE IT RESOLVED, we object to any attempt to relocate the San Antonio Spurs to a new arena developed or renovated by public funds.

BE IT FURTHER RESOLVED, that we object to the wasting of public funds to expand the city’s sports and entertainment industry.
