**Re: Request for Public Meeting on Air Permit Applications from Beacon Data Centers,
Westline TX Holdings, LLC (Westline 2335)**

Dear Director Keel,

Over the last several months, I have heard from numerous constituents regarding Beacon Data Centers, DBA Westline TX Holdings, LLC, and its proposed data center campus in Tom Green County. I was hopeful that the company would provide more information about its plans to concerned residents during this time, but that has not happened.

Given the level of worry raised by affected residents, I am writing to formally request that the Texas Commission on Environmental Quality (TCEQ) hold a public meeting in Tom Green County regarding the air quality permit applications submitted by Westline TX Holdings, LLC, under the name Westline 2335.

The Westline 2335 applications are associated with the following permit numbers:

1. HAP93
2. 184380
3. PSDTX1710
4. GHGPSDTX275

Since these applications remain active and a decision could be issued at any time, I respectfully request that a public meeting be scheduled locally as soon as possible, and in any event before TCEQ takes final action on any of the permits listed above. Impacted residents deserve the opportunity to be informed of, and heard on, these applications before, not after, a decision is made.

Thank you for your continued service to Texas.

Sincerely,

A handwritten signature in black ink that reads "Drew Darby".

Drew Darby
